Issued: September 5, 2006

For: METHODS OF UPMODULATING AN

**REQUEST FOR CERTIFICATE OF CORRECTION
PURSUANT TO 37 CFR 1.322**

Alexandria, VA 22313-1450

Dear Sir:

Pursuant to 35 U.S.C. § 254 and 37 C.F.R. § 1.322, this is a request for the issuance of a Certificate of Correction, due solely to Patent Office error, in the above-identified patent. The complete Certificate of Correction is one page.

The title as amended on February 22, 2006 by Examiner Ilia I. Ouspenski of the U.S. Patent and Trademark Office should be --Methods of Upmodulating an Immune Response by Administering an Anti-B7-4 Antibody-- not "PD-1, A Receptor for B7-4, and Uses Therefor".

In the Notice of Allowability mailed February 22, 2006, the title was incorrectly stated by the U.S. Patent and Trademark Office. Applicants corrected the title on the Issue Fee Transmittal to recite the amended title.

The Patent Owner respectfully requests the expedited issuance of a Certificate of Correction.

Because we consider the reason for the Certificate of Correction to be due to USPTO error, no fee is enclosed; however, if a fee is due, the Commissioner is hereby authorized to charge Deposit Account No. **06-1448**, Reference No. **DFS-067.02**.

Dated: July 9, 2007

Respectfully submitted,

By: /DeAnn F. Smith/
